Helen Keller was a very special woman who did not let a problem keep her from reaching her goals. Before she was two years old, a quick illness left her unable to see or hear any more. Suddenly in...

Tells the story of Annie Sullivan, the woman who taught Helen Keller, a blind and deaf girl, to read and communicate.

Introduces the life and legacy of Helen Keller, the first deaf and blind person to graduate from college.

Helen Keller lost her ability to see and hear before she turned two years old. But in her lifetime, she learned to ride horseback and dance the foxtrot. She graduated from Radcliffe. She became a world famous speaker and author. She befriended Mark Twain, Charlie Chaplin, and Alexander Graham Bell. And above all, she revolutionized public perception and treatment of the blind and the deaf. The catalyst for this remarkable life's journey was Annie Sullivan, a young woman who was herself visually impaired. Hired as a tutor when Helen was six years old, Annie broke down the barriers between Helen and the wider world, becoming a fiercely devoted friend and lifelong companion in the process. In *Annie Sullivan and the Trials of Helen Keller*, author and illustrator Joseph Lambert examines the powerful bond between teacher and pupil, forged through the intense frustrations and revelations of Helen's early education. The result is an inspiring, emotional, and wholly original take on the story of these two great Americans.

Engaging 16-page books on must-know, inspiring Americans. Features lively text, captions, realistic illustrations, glossaries, diagrams, and more. Correlate with Guided Reading Levels I and J. For use with Grades K-2.

"The story of Helen Keller, who learned to read and write despite being deaf and blind, and became an activist who fought for the rights of disabled people"--

In this kids' biography, discover the inspiring story of Helen Keller, who overcame the odds by learning to understand and communicate with the world. Helen Keller lost her sight and hearing due to an early childhood illness and spent the first 6 years of her life unable to interact with other people. She remained isolated from the outside world until Anne Sullivan came to work as her teacher. In this biography book for kids ages 8-11, learn all about Helen Keller's amazing life and achievements - how she learned to read Braille and speak, go to college, write books, and ultimately revolutionize the world through her activism on behalf of the deaf and blind. This new biography series from DK goes beyond the basic facts to tell the true life stories of history's most interesting people. Full-color photographs and hand-drawn illustrations complement thoughtfully
