* The titles in this series provide the student with a collection of new questions and answers in individual subject areas so that the student can concentrate on specific areas of weakness * This new Series of Multiple Choice Questions provides the veterinary nurse student with additional opportunities for both self-assessment and examination practice. * The selected subject areas have been grouped according to the requirements of S/NVQ levels 2 and 3 veterinary nursing examinations, enabling the student to purchase only those books relevant to their year of study. Compiled by a leading training centre, these questions are representative of the type of question likely to appear in the examination paper. By using these revision guides you will not only increase your understanding of the subject but also increase your chances of achieving success in the examination.

TWO BOOKS IN ONE! Course review now. NCLEX-prep later. Assure your mastery of medical-surgical nursing knowledge while honing your critical thinking and test-taking skills. The 3rd Edition of this popular resource features over 2,300 questions (including 550 alternate-format questions) that reflect the latest advances in medical-surgical nursing and the latest NCLEX-RN test plan. They organize the seemingly huge volume of information you must master into manageable sections divided by body systems and specific diseases. Each chapter is a self-contained unit. For each practice question, you'll find the answer, rationales for correct and incorrect responses, and a test-taking tip. The comprehensive exam at the end of each chapter assesses your strengths and weaknesses, identifying areas for further study. Online at DavisPlus you'll find two, 75-question final exams. See what students are saying online about the previous edition... The med surg bible "Want do well in Med-Surg? BUY THIS BOOK. The rationales are great and so are the questions. Hundreds of questions per topic." This book saved my life! "After using this book to study for my next exam I was so happy to see that I got a 94%! That being said, I really recommend this book to anyone who is currently taking Med-surge, or preparing for the NCLEX-RN." A must for every student in the nursing field "I noticed that if you can answer the majority of those questions correctly, it will not only give you a better understanding of the topic, but YOU WILL PASS THE TEST in your class. Honestly, if you can only afford one extra book from your text book, this will be the one to take."

Discusses primate evolution, behavior, and classification, and provides detailed information and illustrations, arranged geographically, on every family and nearly three hundred species.
