Illusions shatter—and Sophie and her friends face impossible choices—in this astonishing eighth book in the New York Times and USA TODAY bestselling Keeper of the Lost Cities series. Sophie Foster wants answers. But after a lifetime of lies, sometimes the truth is the most dangerous discovery. Even the smallest secret comes with terrifying new responsibilities. And Sophie’s not the only one with blank spots in her past, or mysteries surrounding her

family. She and her friends are part of something much bigger than they imagined—and their roles have already been chosen for them. Every clue drags them deeper into the conspiracy. Every memory forces them to question everything—especially one another. And the harder they fight, the more the lines blur between friend and enemy.

As darkness falls each night, the corelings rise, demons who well up from the ground like a hellish steam, and when young Arlen decides to brave the night roads and face the demons, he attempts something not dreamt of since ancient times: a stand against the night.

A collection of the first three books of the impressive debut fantasy series *The Demon Cycle*, and two novellas set in the same world, all from the imagination of Sunday Times bestselling author Peter V. Brett.

""111:1-5 Perish the hands of Abu Lahab, and may he perish too; neither his wealth nor what he has earned will avail him anything. He will roast in a flaming fire, and his wife will be a carrier of fire-wood, she shall have a rope of fibre around her neck."" The phrase ""In the Name of Allah, the Compassionate, the Merciful"" launches 112 of the 114 chapters of the Koran. If compassionate is defined as being aware of the suffering of an other and wishing to relieve it, and merciful as being unconditionally kind and forgiving, then these are not the qualities we would associate with the Author of verses about roasting a man over an open fire, with his wife, tethered like an animal, supplying the firewood fueling the flame that is burning her husband. Does it matter that Abu Lahab and his wife did not hide their disdain for the Prophet Muhammad and his new religion? It matters to Allah, and what matters to Allah is what Getting to Know Allah is all about.

A follow-up to the best-selling *The Warded Man* continues the adventures of reluctant savior Arlen Bales, who wonders at the identity of a spear-wielding figure that emerges from the desert and leads a vast army intent on a holy war. Reprint.

Seventeen-year-old Arlen Bales, an apprentice Messenger, undertakes a journey carrying a dangerous cargo to Count Bryan's gold mine while trying to elude One Arm, the giant rock demon who hunts him.

At age twelve, Sophie learns that the remarkable abilities that have always caused her to stand out identify her as an elf, and after being brought to Eternalia to hone her skills, discovers that she has secrets buried in her memory for which some would kill.

A brand-new epic fantasy adventure set in the beloved world of the *Demon Cycle*, following a new generation of heroes, from New York Times bestselling author Peter V. Brett “Heart-wrenching, smart, and modern . . . *The Desert Prince* has set a new standard for fantasy.”—Wesley Chu, #1 New York Times bestselling author of *The War Arts Saga* Fifteen years have passed since the end of the war with demons, creatures of darkness who have hunted the night and plagued humanity since time out of mind. The heroes of humanity’s hour of need have become legend, and those who remain struggle to escape their shadows. Olive Paper and Darin Bales have grown up in this new peaceful world. Demons have been all but destroyed, but dangers still lurk for the children of heroes. Olive, Princess of Hollow, has her entire life planned out by her mother, Duchess Leesha Paper: a steady march on a checklist to prepare her for succession. The more her mother writes the script, the more Olive rails against playing the parts she is assigned. Darin faces challenges of a different kind. Though free to choose his own path, the weight of legacy hangs heavy around his shoulders. It isn’t easy being the son of the man people say saved the world. Everyone expects greatness from Darin, but the only thing he’s ever been great at is hiding. But when Olive and Darin step across the wards one night, they learn the demons are not all gone, and those that remain hunger for revenge. Events are set in motion that only prophecy can foresee as Olive and Darin seek to find their own places in the world in time to save it again.
