Author of the books that inspired True Blood on HBO and Midnight, Texas on NBC Aurora Teagarden, small town librarian and true crime buff, is looking forward to the monthly meeting of the Real Murders Society, a group of fellow crime enthusiasts who share a unique interest in historical murders. The Society meetings are the highlight of Roe's social life in sleepy Lawrenceville, Georgia, and she's ready for a quiet night of discussion, coffee, and cookies. But after she finds the body of a Society member in a staged crime scene eerily similar to the one the group was supposed to discuss that very night, Roe finds herself at the center of a murderous story of her own. As the killer strikes again, it's obvious that members of the Real Murders Society have become targets of a knowledgeable copycat. With the help of handsome police detective Arthur Smith and the town's dashing new resident, mystery novelist Robin Crusoe, it's up to Roe to discover if the murderer is one of the group's own and to piece the perplexing puzzle together before another body appears. From #1 New York Times bestselling author Charlene Harris, this first book in the Aurora Teagarden mystery series combines the excitement of solving the crime and the charm of Southern hospitality. Real Murders, A Bone to Pick, Three Bedrooms, One Corpse and the rest of the Aurora Teagarden mysteries have been adapted into film for Hallmark Movies & Mysteries.

What constitutes historical truth is often subject to change. Joe Nickell demonstrates the techniques used in solving some of the world's most perplexing mysteries, such as the authenticity of Abraham Lincoln's celebrated Bixby letter, the 1913 disappearance of writer and journalist Ambrose Bierce, and the apparent real-life model for a mysterious character in a novel by Nathaniel Hawthorne. Nickell also uses newly uncovered evidence to further investigate the identity of the Nazi war criminal known as "Ivan the Terrible."

Real-Life Unsolved Mysteries

Could the strange actually be true? Time-Life Mysteries of the Unknown takes readers on a tour of the eerie and unexplained - from the search for vanished civilizations to the science of real-life zombies, from famous UFO sightings to encounters with ghosts and otherworldly creatures, and much more. This rich full-colour guide offers scores of photographs and documents that shed new light on the world's most puzzling supernatural events and paranormal phenomena.

Mysteries of the Unknown also ventures into strange geographical locations where the laws of nature appear to be suspended and examines the paradoxes of ancient scientific instruments that seem far too advanced for their time. And meet the scientists and dedicated amateur researchers who are unlocking the secrets to the great mysteries of history - and the future.
