I HAVE A BAD REPUTATION. Call me what you want: Bad Boy Next Door. Trouble. That Kid Who Can't Do Anything Right. When Willow moves into my neighborhood, nothing should have happened. She's geeky. Shy. A true wallflower. Willow is a good girl. Too good for me. And how the hell was I supposed to know that she's related to Loren Hale--yeah, that douchebag celebrity that lives on my street. The same guy I've been pranking by spray painting vulgar words on his mailbox and worse. Much worse. Don't ask me why I do the things I do. Don't ask me why it had to be her. I'm cursed. Simple as that. But here's the thing about people who are cursed--they break everything they touch. And yet. . . I still want to touch her.

An intriguing portrait of African-American activist Geoffrey Canada, creator of the Harlem Children's Zone, describes his radical new approach to eliminating inner-city poverty, one that proposes to transform the lives of poor children by changing their schools, their families, and their neighborhoods at the same time. Reprint.

His dream was football. Since he was eight years old, author, Daniel Kelly, was a fan in every sense of the word. Every Sunday revolved around the game. He ate, breathed and lived for the game that he loved. He was even able to meet his favorite team and get autographs and pictures taken with many of his heroes. Over the years, his passion and obsession continued to grow. Then on his seventeenth birthday he was given a book that forever changed his life. It was a book about scouting. He couldn't put it down. He thought this is what I want to be; I want to be an NFL scout. He began recording college football games off of television and he'd race through his homework to practice writing scouting reports. When the rest of his high school typing class was working on their assignments, he was sitting in the back of the class typing up his scouting reports. He was so hoping his hard work might land him an internship, but nothing happened. Yet, he did not give up. He graduated from high school, but soon after dropped out of a small community college. He went to work for different companies, businesses and industries, but he could not deny football was still in his blood. He finally realized he had to go for it; he just had to give his dream one last chance. So, he put together a plan to do something that had never been done before. But, would it work this time? Find out how he pursued his childhood dream and became part of the NFL in Whatever it Takes.

Elaine Lordan is well-known to millions as EastEnders' Lynne Slater. Yet the real-life heartache and loss she came to suffer eclipsed even the rollercoaster troubles of her TV character. After leaving the show, Elaine lost her beloved mother when she took her life under a train. Then later that same year, just two days after her wedding, Elaine lost James, her one-year-old son and only child, to a rare condition. Whatever It Takes is the story of a no-nonsense working-class girl who hit the big time and enjoyed several happy years as one of the nation's favourite soap stars. Things took a downward turn as her heavy drinking and affair with a married man led to her being hounded by the press. Yet Pete would become the love of her life and together they would experience the unfathomable joy of having a child. This flush of happiness was short-lived, though, as Elaine felt the full impact of her mother's death, while her son James battled for life. It wasn't long before family life revolved around the hospital - hoping for the best, but fearing the worst. Full of larger-than-life characters from her boisterous Irish family and close circle of north London friends, Elaine tells her story with heart-wrenching candour. In this life-affirming memoir of overcoming tragedy, we see how Elaine's indomitable spirit and innate humour have carried her through even the bleakest moments, and how one woman's "sink or swim" approach has ensured her survival.

"I'm both blessed and cursed to be a guitar player. I didn't choose it, it chose me. The challenge was to find a way to weave my convictions into my music in a meaningful way." - Tom Morello As the cofounder and guitarist of Rage Against the Machine, Audioslave, and Prophets of Rage, and as a solo artist and collaborator with artists as diverse as Bruce Springsteen and Wu-Tang Clan, few musicians have been as groundbreaking as Tom Morello. Now, for the first time, Morello's remarkable life as a guitarist, songwriter, singer, and political activist is captured in Whatever It Takes. Telling the story, from his first guitar to the present day, Morello's commentary is accompanied by a wealth of photographs, handwritten notes, and set lists, many of which are previously unpublished and come from the author's personal archives. Stunning images of Morello's heavily customized guitars complete this jam-packed photographic memoir, and the result, like his incendiary guitar playing, is fascinating, honest, and completely unique. Introduced by the Oscar-winning filmmaker Michael Moore, Jann Wenner, the cofounder of Rolling Stone, Morello's Prophets of Rage collaborator Chuck D, and Nora Guthrie, daughter of the legendary Woody Guthrie, Whatever It Takes is the defining document of one of the greatest rock guitar players of our times. "He's not only a brilliant musician, but he has a deep heart and a social conscience, just like Bob Dylan, Bruce Springsteen, Bono, or Jackson Browne. Tom is right up there with that gang. I think this excellent book helps prove why." - Jann Wenner "Tom Morello is a Visionary Activist, meaning what he sees in his mind goes full throttle into him making IT happen." - Chuck D "Fascists, white supremacists, centrists beware: Tom Morello is armed and dangerous, and his weapon is his music." - Michael Moore

NEW YORK TIMES BESTSELLER From Blackstone chairman, CEO, and co-founder Stephen A. Schwarzman, a long-awaited book that uses impactful episodes from Schwarzman's life to show readers how to build, transform, and lead thriving organizations. Whether you are a student, entrepreneur, philanthropist, executive, or simply someone looking for ways to maximize your potential, the same lessons apply. People know who Stephen Schwarzman is!at least they think they do. He's the man who took \$400,000 and co-founded Blackstone, the investment firm that manages over \$500 billion (as of January 2019). He's the CEO whose views are sought by heads of state. He's the billionaire philanthropist who founded Schwarzman Scholars, this century's version of the Rhodes Scholarship, in China. But behind these achievements is a man who has spent his life learning and reflecting on what it takes to achieve excellence, make an impact, and live a life of consequence. Folding handkerchiefs in his father's linen shop, Schwarzman dreamed of a larger life, filled with purpose and adventure. His grades and athleticism got him into Yale. After starting his career in finance with a short stint at a financial firm called DLJ, Schwarzman began working at Lehman Brothers where he ascended to run the mergers and acquisitions practice. He eventually partnered with his mentor and friend Pete Peterson to found Blackstone, vowing to create a new and different kind of financial institution. Building Blackstone into the leading global financial institution it is today didn't come easy. Schwarzman focused intensely on culture, hiring great talent, and establishing processes that allow the firm to systematically analyze and evaluate risk. Schwarzman's simple mantra (don't lose money!) has helped Blackstone become a leading private equity and real estate investor, and manager of alternative assets for institutional investors globally. Both he and the firm are known for the rigor of their investment process, their innovative approach to deal making, the diversification of their business lines, and a conviction to be the best at everything they do. Schwarzman is also an active philanthropist, having given away more than a billion dollars. In philanthropy, as in business, he is drawn to situations where his capital and energy can be applied to drive transformative solutions and change paradigms, notably in education. He uses the skills learned over a lifetime in finance to design, establish, and support impactful and innovative organizations and initiatives. His gifts have ranged from creating a new College of Computing at MIT for the study of artificial intelligence, to establishing a first-of-its-kind student and performing arts center at Yale, to enabling the renovation of the iconic New York Public Library, to founding the Schwarzman Scholars fellowship program at Tsinghua University in Beijing!the single largest philanthropic effort in China's history from international donors. Schwarzman's story is an empowering, entertaining, and informative guide for anyone striving for greater personal impact. From deal making to investing, leadership to entrepreneurship, philanthropy to diplomacy, Schwarzman has lessons for how to think about ambition and scale, risk and opportunities, and how to achieve success through the relentless pursuit of excellence. Schwarzman not only offers readers a thoughtful reflection on all his own experiences, but in doing so provides a practical blueprint for success.
